

22nd SFRRRI Biennial Meeting

hosted by the **Society for Free Radical Research - Europe**

Galway, Ireland

2 0 2 5

June 03 - 06

**The New Era of Redox Biology:
from Basic Biochemistry
to Redox Omics**

SPONSORSHIP BROCHURE

ABOUT THE SOCIETIES

Society for Free Radical Research

The Society for Free Radical Research founded in the United Kingdom in 1982 is an International Society and operates as a charitable voluntary, non-profit making institution. The aims and objectives of the International Society are to advance education in free radical processes and redox biology with particular reference to those of industrial and medical importance, informing education for the benefit of the public. The Society promotes interest in all aspects of research into the reactions and properties of free radicals and their physical, chemical, biological, medical and industrial roles. Founded in 1982, and

now with over 2500 members worldwide, the Society consists of five autonomous regional groups: SFRR Asia, SFRR Europe, SFRR Australasia, SFRBM and SFRR Africa. A number of regional groups have also been established within these areas.

<https://www.sfrr.org>

Society for Free Radical Research - Europe (E)

The Society for Free Radical Research - Europe (SFRR-E), founded in 1988, is an international society registered as a charity in the United Kingdom, and a member of the International Society for Free Radical Research. SFRR-E aims to advance knowledge on the role of free radicals and redox biology processes in biomedical sciences, focusing on industrial and medical relevance for the benefit of the public. To this end, the society provides a forum for scientific discussion and knowledge dissemination through the SFRR-E website, newsletters, annual meetings and outreach activities, such as summer schools and webinars. The Society strongly supports young scientists by

facilitating participation in all activities. To meet these challenges, SFRR-E receives and utilizes donations, subscriptions and funds from individual persons, private entities and public organizations. Society members have access to all activities at reduced rates. SFRR-E is managed by an elected Executive and Council.

CONGRESS INFORMATION

Dear Colleagues,

The 2025 22nd SFRR-I Biennial meeting hosted by SFRR-E will be held from June 3-6, 2025 in Galway, Ireland, at the University of Galway campus, positioned on the edge of Europe, poised on the Atlantic seaboard. Established in 1845, University of Galway has a distinguished reputation for research excellence. Our vibrant, creative city provides a distinctive platform for stimulating scientific discussions. This meeting will showcase exciting new developments at the frontiers of redox biology and free radical research that cross the boundaries of the life sciences, medicine and industry. International experts and conference attendees will find a modern venue in a unique destination, with unparalleled hospitality and scenic beauty. In addition to peer reviewed symposia and competitive selective oral sessions, we are excited to share special sessions dedicated to young researchers and early bird activities. I extend a warm invitation to you, your accompanying guests and sponsors from across the world to the Society for Free Radical Research International Biennial Conference in Galway 2025. In the words of the Irish language, "Céad míle fáilte romhaibh" or "one hundred thousand welcomes" to all involved in this prestigious event.

Dr. Kasia Goljanek-Whysall,
on behalf of the local organising committee

June 03 - 06, 2025

Expected number of attendees: 400 - 500

CONGRESS INFORMATION

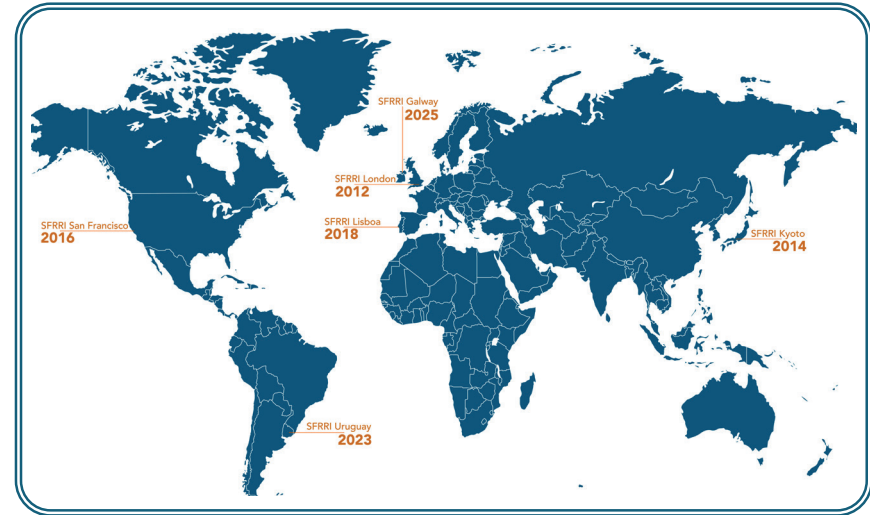

Why Galway?

Galway is a city located on the West Coast of Ireland. It sits on the River Corrib between Lough Corrib and Galway Bay and has a population of approximately 79,000.

Galway is a vibrant, cosmopolitan city steeped in culture, rich in folklore and famous for its cobble-stoned streets, quaint shops and charming restaurants. It is known as Ireland's cultural heart and is renowned for its vibrant lifestyle and numerous festivals, celebrations and events. Home to the world-renowned Druid Theatre Company, Macnas Street Theatre Company and An Taibhdhearc, there is much to do in this wonderful city.

Galway city has experienced very rapid growth in recent years and has a strong local economy with complementary business sectors, including manufacturing industry, tourism, retail and distribution, education, healthcare and services that include financial, construction, cultural, and professional. 8 of the world's top 10 med-tech companies have a physical presence in Galway.

In addition, Galway boasts some of the most beautiful scenery in the world. The landscape leaves one breathless, from the prehistoric fort of Dun Angus, the most westerly point in Europe, to Connemara and the Burren.

SPONSORSHIP PACKAGES

Maximize your exposure at the SFRRRI Biennial Meeting

Industry involvement is a key element in the success of the meeting. Your presence and contributions enhance the overall scientific value of the event. By presenting you with this manual at an early stage we are allowing you in turn to take full advantage of all the opportunities this meeting offers to industry. In doing so, we aim to continue to strengthen our mutually beneficial working relationship.

Benefits will be allocated to sponsors on the basis of the following table:

	Platinum	Gold	Silver	Bronze
Raw booth space in the exhibition	18 m ²	12 m ²	9 m ²	6 m ²
Additional Roll-Up in the exhibition area	2	1	×	×
Insert of a promotional flyer in the delegate bags	2	1		
Logo of the sponsor on the congress website	✓	✓	✓	✓
Link of the sponsor on the congress website	✓	✓	✓	
Logo of the sponsor displayed in the auditoria during breaks	✓	✓	✓	✓
Full free registrations incl. conference dinner	4	3	2	1

MINI-SATELLITE SYMPOSIA OR LUNCHTIME SYMPOSIA

Wednesday, Thursday, Friday

Room	Floor	Capacity	Parallel Symposium	Free registrations
